

Thank you for downloading the Grid Builder Set. We hope this helps you to produce amazing layouts with your lettering and typography. We love seeing what you guys create with the products we make, so if you would like to add the hashtag #GridBuilder or #thegridslife to your posts on social media, we love to take a look and see!

Stefan & Ian

FONT MAC INSTALL

Double click the font file and Font Book will open a preview of the font.

Click "Install Font" at the bottom of the preview.

FONT PC INSTALL

Method 1

- Right click on the font file and select INSTALL.

Method 2

- Search for Fonts in the search box by the start menu.
- Click on the Fonts (Control Panel) link to open the Fonts Folder
- Copy and Paste the font into the Fonts Manager to install.

If you have any problems with installing the grids in any of the applications then please to reach out to us via email or on our social platforms.
